

POWERSLIDER BY CINETOOLS

The **PowerSlide** modular motorized camera slider is fully adaptable to meet your camera rigging needs. The powerful onboard servomotor features quick accelerations and soft stops. With battery power and wireless joystick control, the **PowerSlide** can work where other systems can't - whether it be remote locations, moving vehicles, or up close to the action... With our in-house CNC machining capabilities and our staff of talented technicians, we can customize the **PowerSlide** to meet your specific needs. Need more speed? Special rigging? Call us.
