

CINERGY™

POWER MODULES

Introducing *Cinergy Modular Power Systems* - the next generation of mobile power supply. The exterior may look familiar, but it's what's inside that counts! We've listened to our clients and added many features, including:

- Bluetooth Monitoring from your android phone (ios version coming out Fall 2019)
- Dimmable LCD
- Large transfective display for daylight readability
- Isolated and circuit breaker-protected ARRI-style 3 pin output

At Cinemoves, we don't just rent batteries - we design, develop and manufacture for sale. Our technicians rely on these power supplies every day in the field. If there's something wrong, we hear about it. That's what inspires us to innovate and gives us the confidence that we've got the best product available, for rental or sale.

System Energy Information

Nominal Capacity	72Ah 100Ah
Nominal Energy	1.8kWh 2.56kWh
Nominal Voltage	24V
Max Voltage Cutoff	28.8V
Min Voltage Cutoff	21.6V
Max Current Cutoff	100A @ 10 sec >200A @ 10 sec

Discharge Information

Max Continuous Discharge Rate	70A 100A
Recommended SOC Usage	SOC: 20% - 90%
Charge Control Switch	Solid State FET 200A
Integrated Cell Balancer	

Chemistry

Lithium Iron Phosphate

LifePO4

5V USB Charge Ports

Maximum Output

2 x 4.2A

2.5 KWH Tested Run Times

Equipment	Duration
575w LIGHT	3hrs 30min, Continuous , per battery
1.2k LIGHT	2hrs 50min, Continuous , per battery
2.5k (Arri 2500) LIGHT	50min, Continuous , per battery
200w PAR (Arri 200 Lux) LIGHT	9hrs 45min, Continuous , per battery
400w PAR (Arri 400 Lux) LIGHT	5hrs 35min, Continuous , per battery
150w LIGHT	18hrs 20min, Continuous , per battery
300w LIGHT	9hrs 15min, Continuous , per battery
650w LIGHT	4hrs 25min, Continuous , per battery
800w (Arri Lite 800) LIGHT	4hrs 40min, Continuous , per battery
1.8 PAR (Arri M, 18) LIGHT	1hrs 10min, Continuous , per battery
2k (Arri T2) LIGHT	1hrs 5min, Continuous , per battery
2k (Arri Lite 2k) LIGHT	1hrs 5min, Continuous , per battery
2 ft 4b (Kino) LIGHT	12hrs 15min, Continuous , per battery
4 ft 4b (Kino) LIGHT	14hrs 15min, Continuous , per battery
LED Light Panel LIGHT	18hrs 45min, Continuous , per battery
4 Head 150w Dedo Kit LIGHT	4hrs 40min, Continuous , per battery
Technocrane	5hrs, normal conditions
